Subject: Circle Court Superfund Site - Parker County

Dr. Patterson,

attached is a fact sheet for the proposed Circle Court Ground Water Plume Superfund Site in Parker County. The fact sheet will be mailed to the community the week of July 23rd in advance of a public availability session scheduled for August 9th at the Willow Park community center. I wanted to ensure that you have a copy in advance of the community mail-out in case there are any questions from well owners in the area.

I will be working with the property owners in the area to gain access to private wells for geophysical logging by the USGS as well as some limited flowmeter logging (both active and passive) for the Paluxy aquifer section. The targeted time frame is early October. I can email you the completed logs for your records as well.

Please contact me at the numbers listed below or via email if you have any questions. Thanks.

Vincent Malott, P.G.

which may be a computer program. This attached computer program could
contain a computer virus which could cause harm to EPA's computers,
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced
into the EPA network. EPA is deleting all computer program attachments
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you
should contact the sender and request that they rename the file name
extension and resend the Email with the renamed attachment. After
receiving the revised Email, containing the renamed attachment, you can
rename the file extension to its correct name.

For further information, please contact the EPA Call Center at
(866) 411-4EPA (4372). The TDD number is (866) 489-4900.
